BENDEGA NUI VILLA – LUXURY BALI EXPERIENCE

Have a magical experience at Rod Strykers amazing workshops, while experiencing a truly Bali luxury experience, and sharing it with an amazing group of like-minded people. We have booked out Bendega Nui villa to provide something extra special.

Set in almost an acre of serene tropical gardens overlooking the rice fields, the villa is a short walk from the beach and a 10-15 minute to the chic restaurants and The Practice Yoga Centre; close to the excitement of Bali but far enough away to ensure a traditional Balinese experience.

There are five large bedrooms at Bendega Nui, each with ensuite bathroom and a balcony, terrace or private garden area. A reading balé, library with 50-inch plasma TV, a games room complete with pool table, and a sun deck hidden below the pool provide ample opportunities for relaxation.

State-of-the-art facilities include a Sonos digital music system that can be programmed to match musical moods in several different 'zones', a modern kitchen, satellite television and DVD players and air conditioning in all the indoor areas.

There's also a stunning open sitting area that overlooks the rice fields, a separate air-conditioned dining room with a table that seats up to 20, a pool pavilion for outdoor dining and a large infinity-edge pool, both situated to catch the fabulous Bali sunsets.

The extensive gardens surrounding Bendega Nui are very special and Lawns are dotted with frangipani, oil palms, jasmine, yuccas, African tulip trees and an abundance of tropical fruit, and feature several serene, koi-filled ponds.
